• Run New Brunswick Road Racing Series 1992 •

Welcome to the 1992 New Brunswick Road Racing Series. There are 28 races which form the New Brunswick Road Racing Circuit. Twelve of these are grouped into a "Super Series". Races in the Super Series will be eligible for a higher point system than the Regular Series.

Provincial Standings will be calculated using the results of both Super Series and Regular Series Races. The final standings will be derived using up to the seven races. If eight or more races are run, points will be calculated using the best seven finishes. To be eligible for points, athletes must be a member of Run New Brunswick and/or Athletics New Brunswick prior to the race. In order to be ranked within the 1992 Run New Brunswick Provincial Standings they must;

(1) Be a New Brunswick resident , (2) Athlete must be a Run New Brunswick member, and (3) Compete in at least one Provincial Championship.

Points for the Open Men's category will be calculated on overall finish positions in races. Points for Females, Masters (Male and Female), and Veterans will be calculated based on finish position within their own category. There will be two point systems this year; (1) Super Series Races and (2) Regular Series Races. Both point systems will be used to compile Provincial Standings (if more than seven races are run, final point totals will be calculated using the best seven race points.)

All finishers will receive at least two points. In all races, record breakers will receive a bonus five points. Only one runner per category per race will receive the record breaking points if applicable - even if two or more runners are under the same old record.

When points are equal, the runner receiving the higher standing will be the one who had the best finish in their races. If the tie remains, the second best race will be considered. This will continue as necessary for the third, fourth, etc. best race, until the tie is broken.

• Séries des courses à pied du Nouveau - Brunswick 1992 •

Bienvenue aux séries des courses à pied du Nouveau - Brunswick pour l'année 1992. Il y a 28 courses dans les Séries Super auxquelles vous pouvez participer et accumuler des points. Douze de celles-ci établiront les Séries Super. Les courses dans les Séries Super seront éligibles pour un système de point supérieur des Séries Régulières.

Pour le rang provincial, les points seront attribués selon les résultats des Séries Super et des Séries Régulières. En ce qui concerne les rangs finals, le pointage total sera déterminé d'après 7 courses. Si vous avez 8 courses ou plus, les points de vos 7 meilleures courses seront additionnés. Pour recevoir des points au rang provincial, il faut être membre de Courses Nouveau - Brunswick et/ou d' Athlétisme Nouveau - Brunswick.
